

INDICE TITOLI

Serie: Tesi di dottorato

Fascicolo: Gennaio-Giugno 2018

5G-enabled augmented and virtual reality applications for cultural heritage 2018-294T

Abruzzo verso Europa 2020	2018-29T
Abuso del diritto e diritto penale	2018-123T
Acciaio e città	2018-384T
Acquasantiere, fonti battesimali e lavabi	2018-376T
Adaptive resilience and natural disasters	2018-353T
Aerobic granular sludge technology for the treatment of industrial saline wastewater	2018-322T
Aiding the development of adaptable and evolvable choreographies through the automated synthesis of distributed coordinators	2018-9T
L'amministrazione del rischio nel diritto alimentare multilivello	2018-105T
Amministrazioni pubbliche e fondazioni	2018-113T
Analisi dei flussi intracavitari tramite ecocontrastografia al fine di ottimizzare i ritardi interventricolari in pazienti affetti da scompenso cardiaco sottoposti a terapia di resincronizzazione cardiaca	2018-263T
Analisi del comportamento energetico degli edifici tramite differenti approcci, physics-based, data-driven e metodo semplificato e proposta di nuove metodologie	2018-291T
Analisi e caratterizzazione del comportamento di una colata detritica	2018-315T
Analisi integrata dei parametri geofisici registrati a Stromboli durante le fasi di instabilità eruttiva ed eventi anomali	2018-306T
Analisi sperimentale e numerica del comportamento di colonne di ghiaia o sabbia rinforzate con geosintetici	2018-316T
Analogues of quantum gravity in nonlinear optics	2018-167T
Analyses of hemagglutinin (HA) specific antibody responses using different serological assays after three types of influenza vaccine in children and adults	2018-211T
Analysis of mitochondria and of their role in the activity of the cerebral cortex and its subdivisions	2018-241T
Analysis of piles and piled raft foundation under horizontal load	2018-318T
Analysis of processes driving the evolution of physical-chemical characteristics of pollutants in Italian sites	2018-182T
Analytical models of framed shear-wall systems	2018-308T
Analytical protocols based on low and high-resolution mass spectrometry for determination of pesticides and other contaminants in foods	2018-177T

Antibiotic resistance of food-related <i>Listeria monocytogenes</i> strains	2018-371T
Anti-interleukin-1 treatment in patients with rheumatoid arthritis and type 2 diabetes	2018-267T
Antimafia	2018-393T
Approaches in modeling dependence in bivariate time-to-event and event-history data	2018-160T
Architettura, infrastruttura, paesaggio	2018-319T
Areas of endemism and leaf beetles in the Afrotropical region (Coleoptera, Chrysomelidae)	2018-223T
Aspetti geotecnici nella gestione delle infrastrutture di trasporto	2018-314T
Aspetti psicologici della sclerodermia	2018-280T
Asymptotic properties of nonparametric and semiparametric statistical methods for the extremal dependence	2018-165T
Automated pressure-controlled cerebrospinal fluid drainage during open thoracoabdominal aortic aneurysm repair	2018-256T
Automated tool-supported software refactoring driven by performance	2018-4T
Autophagy in viral infections of cetaceans and ruminants	2018-343T
Bacteriophages to control <i>Campylobacter jejuni</i> in poultry production	2018-370T
Bayesian learning of the Mallows ranking model	2018-159T
Bayesian modular approaches for regression	2018-164T
Behavioural and structural time course study in 6-OHDA and LPS Parkinson's disease rat models	2018-200T
Biological role of sphingosine 1-phosphate in neuroblasts derived from otic vesicle	2018-238T
BIPV e processo BIM-based	2018-385T
Bisphosphoglyceratemutase (BPGM)	2018-236T
Body temperature measurement in children	2018-286T
Bordeline personality disorder	2018-278T
Un borgo, due anime	2018-402T
Il breve viaggio attraverso l'impero	2018-390T
Brief cooperation	2018-49T
Briganti d'Italia	2018-408T
Cambiamenti posturali del rachide cervicale in seguito a terapia funzionale di 2. classe	2018-284T
Il campo lessicale dei verbi indicanti pregare in ebraico antico	2018-149T
Capabilities and sustainable competitive advantage	2018-354T
Caratterizzazione dei rischi idrogeologici nella Regione delle Lagune in Costa d'Avorio	2018-199T
Le c.d. alienazioni a scopo di garanzia alla luce dei recenti interventi normativi	2018-134T
Le ceramiche nelle case della città bassa di Kaneš (livelli 2. e 1.b)	2018-400T
Change, innovation and the reflexive dynamics of financial regulation	2018-87T

Changes of tumoral phenotype induced by extremely low-frequency magnetic field in neuroblastoma cells	2018-230T
Characterisation of biological samples through microarray technologies	2018-250T
Characterization and development of the antimicrobial peptide SET-M33 for the identification of novel antibiotics against MDR-bacteria	2018-239T
Characterization of antimicrobial resistant mobile genetic elements in gram-negative bacteria isolated in some European countries	2018-253T
Characterization of antioxidant properties of vegetable products and residues by different production technologies	2018-171T
Circolazione e caratterizzazione genetica di ceppi di <i>Clostridium perfringens</i> netb positivi in allevamenti avicoli del centro Italia	2018-345T
Le clausule di riaddebito	2018-129T
A climate engineering technique for a warming planet	2018-194T
Co-design of controllers and information flows in networked control systems	2018-327T
Cognitive side of consumer behavior	2018-355T
Collaborative model-driven software engineering	2018-5T
Combinatorics, formal languages and optimization problems	2018-6T
Combining remote sensing techniques with numerical modeling for the runout analysis of shallow rapid landslides	2018-198T
Le commissioni artistiche della granduchessa di Toscana Maria Maddalena d'Austria	2018-378T
Il community land trust	2018-137T
Compartmentalized cAMP production by the B. pertussis toxin CyaA and B. anthracis edema toxin	2018-205T
differentially affects the immune synapse	
Competition law and policy in developing countries	2018-115T
A comprehensive analysis of trade agreements in Latinamerica	2018-91T
Computational study of the role of renshaw cells in the mammalian locomotor circuit	2018-290T
Conception of a metamaterial-based foundation for the seismic protection of fuel storage tanks	2018-307T
Il concordato di gruppo tra separazione delle masse, responsabilità patrimoniale e miglior soddisfacimento dei creditori	2018-135T
Il conflitto di interessi nell'assemblea delle società per azioni	2018-128T
Confronto di due sistemi taxon-specifici di riferimento per il grano tenero (<i>Tricum aestivum</i>) da utilizzarsi nella quantificazione di OGM mediante real-time e droplet digital PCR	2018-202T
Connaître les turcs et l'Empire ottoman en Italie	2018-394T
La conservazione del patrimonio sociale nella gestione della S.p.a.	2018-130T

Constrained fiedler graph partitioning and Laplacians eigenvalues multiplicity	2018-153T
Contrasting agents for nuclear magnetic resonance	2018-168T
Contratti pubblici e ripresa economica	2018-114T
Contributo allo studio della pleuropolmonite contagiosa bovina	2018-338T
Contributo della genomica in sanità pubblica	2018-242T
Cooperation mechanisms within the administrative framework of European financial supervision	2018-141T
La corporate governance nel settore bancario	2018-70T
La costituente libertaria di Camillo Berneri	2018-46T
Il crimine transnazionale	2018-97T
The cultural implications of market regulation	2018-142T
Dar corpo alle ombre	2018-404T
The dark side of the light	2018-260T
Datazione delle variazioni glaciali cenozoiche tramite età di esposizione superficiale	2018-192T
Dating late cenozoic glacial variations with surface exposure dating	2018-192T
Definizione, implementazione e sperimentazione di estensioni del linguaggio orientato agli agenti DALI nel campo della robotica cognitiva	2018-7T
Il delitto di contagio venereo in Italia tra Otto e Novecento	2018-138T
Denigrazione e offensività sulla semantica di peggiorativi e slurs	2018-145T
Design and characterization of biocompatible scaffolds for tissue regeneration	2018-212T
Design and implementation of a development platform for automatic choreography realizability enforcement	2018-8T
Development and optimization of multicolor 19F-MRI for in vivo imaging of immune cells activity	2018-269T
Development and validation of methods for the determination of veterinary drug residues in animal-derived food and feedstuffs by liquid chromatography tandem mass spectrometry	2018-173T
Development of an analytical method for determination of polybrominated dibenzodioxins (PBDDs) and polybrominated dibenzofurans (PBDFs) in food	2018-175T
The digital borders within the EU	2018-144T
Il diritto alla privacy nell'era della sorveglianza elettronica transfrontaliera	2018-89T
Dissecting the role of WASp in platelets	2018-265T
Distributed computing on constrained communication models	2018-10T
Distribuzioni ai soci lesive della solvibilità della società	2018-127T
Divari territoriali e governance dell'innovazione in Italia e nell'Unione europea	2018-62T
Dual role of GADD45B in cancer	2018-254T
Dynamics of health system decentralization and	2018-40T

recentralization in Italy and Denmark

E ora guardiamo tutti a sinistra	2018-409T
Effect of extracellular vesicles derived from osteotropic tumours on bone resident cells	2018-232T
The effects of psychological threats on consumer behavior	2018-358T
Effetto dell'integrazione alimentare con la sansa d'oliva essiccata sulla qualità del latte bovino e dei prodotti lattiero-caseari	2018-331T
Efficacy of high-fidelity patient simulation into academic nursing curricula	2018-287T
Le Eikónes di Filostrato Maggiore	2018-377T
Electric drives for safety-critical applications	2018-297T
Electronic interfaces for capacitive sensing	2018-299T
Emotion driven brain computer interfaces	2018-11T
Empirical analysis of software license agreements	2018-136T
Engineering hematopoiesis for tumor-targeted interferon-alpha delivery to promote anti-cancer responses	2018-208T
Environmental risk assessment in groundwater	2018-224T
L'eredità di Joseph Salvador	2018-398T
L'errore esecutivo e cognitivo nell'illecito colposo	2018-124T
Esercito di carta	2018-410T
Esiste una tradizione filosofica italiana?	2018-24T
Esperienza di sorveglianza epidemiologica delle meningiti batteriche su scala nazionale e in relazione all'evento sismico dell'Aquila del 2009	2018-225T
Esperienze di lavoro nei coworking space	2018-27T
Essays in empirical finance	2018-78T
Essays in empirical industrial organization	2018-77T
Essays in large time-varying vector auto regressions	2018-60T
Essays in macroeconomics	2018-74T
Essays in mathematical statistics	2018-162T
Essays in organizational structure and strategic human capital in start-ups	2018-356T
Essays in political economy and public finance	2018-52T
Essays in political economy and social networks	2018-76T
Essays on confidence and macroeconomics	2018-72T
Essays on economic history	2018-64T
Essays on firm participation in multi-stakeholder sustainability initiatives	2018-357T
Essays on gender and immigration economics	2018-71T
Essays on household beliefs and behavior	2018-69T
Essays on household choice, gender differences and economic well-being	2018-80T
Essays on international finance	2018-59T
Essays on networks in financial economics	2018-68T
Essays on organizations and competition	2018-350T
Essays on political economy	2018-53T
Essays on political economy and development	2018-57T
Essays on product design evolution	2018-352T
Essays on the benefits and costs of associating with a Fraudster	2018-360T

Essays on the economics of corporate regulatory disclosures	2018-361T
Essays on the economics of corporations	2018-58T
Essays on the formal and informal organization of human capital	2018-363T
Essays on the formation of negative and ambivalent ties	2018-365T
Essays on the relationship between macroeconomic variables, demographics and inequality	2018-50T
The estimation of road safety at the intersection	2018-321T
The Eurozone and the sovereign debt crisis	2018-139T
Evaluation of the endocannabinoids as diagnostic markers of canine chronic enteropathies	2018-339T
L'evoluzione del rito degli appalti pubblici alla luce del diritto dell'Unione europea	2018-109T
Experimental and numerical investigations on wood accumulation at bridge piers with different shapes	2018-323T
Exploring the role of the leukocyte specific Sp140 protein as a new component of repressive chromatin	2018-215T
Extracellular vesicle biogenesis in microglia and epithelial cells	2018-270T
Extracellular vesicles released by IL4-expressing cells as therapeutic tool in neuroinflammation	2018-268T
Facing the challenges of platform-mediated labour	2018-119T
Feline lungworm disease	2018-337T
Financial frictions and financial shocks	2018-55T
A finite element method for magma-rock interaction dynamics in volcanic environment	2018-187T
Finite p-groups of small breadth and with few character degrees	2018-152T
Il fondo monetario internazionale nell'evoluzione del sistema economico internazionale	2018-54T
Food-associated Lactobacillus plantarum strains	2018-219T
La forma di governo della Regione Lazio	2018-103T
The F-RESP polarizable force field	2018-172T
From divergence to convergence	2018-107T
La funzione sociale delle istituzioni	2018-110T
The GATT security exception	2018-94T
Genetic engineering of HSC to improve engraftment and hematopoietic reconstitution	2018-209T
Gente que labura, operai in Argentina durante la dittatura	2018-397T
Geochemical investigation on marine sediments, on volcanoes and on diapirs mud Basin of Paola (Calabria, Italy)	2018-189T
Giovani e mercato del lavoro	2018-63T
Giovanni Preziosi e La vita italiana	2018-411T
Glioblastoma targeted therapy approaches based on toxin internalization via cell surface directed biopolymers	2018-207T

Gold, silver catalyzed and metal free reactions of α,β -Ynones for the synthesis of heterocycles	2018-179T
La governance e la multi-level governance nella dottrina e nella prassi, la scomposizione del processo decisionale tra livelli internazionale, sopranazionale, nazionale e subnazionale e il caso delle strategie macroregionali dell'Unione europea	2018-34T
Hilbert schemes of threefold scrolls arising from some rank-2 vector bundles on Hirzebruch surfaces	2018-157T
The histone methyltransferase NSD3 sustains rRNA transcription in cancer cells	2018-210T
How much is work worth to firms?	2018-362T
HW/SW co-design methodology and framework for mixed-criticality and real-time embedded systems	2018-295T
A HW/SW unified approach for embedded systems monitoring	2018-296T
Hydrodynamic limit and critical fluctuations in stochastic particle systems	2018-158T
Hydrosols and essential oils as potential antimicrobials for food applications	2018-217T
Identification of periodic fluctuations at favored frequencies in space plasmas	2018-181T
Immunosuppressive mechanisms exerted by prostate cancer stem-like cells in the early phase of prostate cancer and lymph node dissemination	2018-245T
The impact of broadband internet on immunizations	2018-73T
L'impatto delle politiche di coesione dell'Unione europea sulla cooperazione territoriale	2018-104T
Implications of emotions and cognitive abilities for sheep welfare	2018-334T
In vivo and in vitro study of EphA2 receptor inhibition in colorectal cancer	2018-252T
In vivo human molecular imaging of neuroinflammation and neuronal injury in neurodegenerative conditions and its relationship with pathology	2018-275T
Individui, conoscenza e società	2018-151T
Influenza dell'esposizione ai videogiochi su capacità cognitive e comportamentali	2018-17T
